

CEG workshop on Isolation and Disposal of Radioactive Waste

28-30 June 2006

Olkiluoto, Finland

Wednesday 28 June 2006

Begin	End	Session / Title	Name
0800hrs		Bus departure form the hotel to Olkiluoto	
0830hrs	0900hrs	Registration	
0900hrs	0930hrs	Session 1: Opening of the workshop	
0900hrs	0930hrs	Welcome	<i>Mr. Alan Heyes CEG Chairman Mr. Erik Ulfstedt Ministry for Foreign Affairs of Finland Mr. Evgeny Emets, Head of the Russian delegation</i>
0930hrs	1430hrs	Session 2: Predisposal and long-term storage of waste	
0930hrs	1000hrs	Waste acceptance criteria for storage and disposal of radioactive waste. Regulatory requirements	<i>Mr. Raset Sharafutdinov SEC NRC, Russia</i>
1000hrs	1030hrs	Treatment and conditioning of legacy waste	<i>Mr. Guy Brunel CEA, France</i>
1030hrs	1100hrs	Coffee	
1100hrs	1130hrs	Waste conditioning technologies for preparation for the long-term storage and disposal	<i>Mr. Pavel Poluektov VNIINM, Russia</i>
1130hrs	1200hrs	Long-term interim storage of high level waste and spent fuel: Concept and design	<i>Mr. Guy Brunel CEA, France</i>
1200hrs	1230hrs	Main concept of the RW management centre in the Andreeva Bay	<i>Mr. Valery Sorokin VNIPIET, Russia</i>
1230hrs	1400hrs	Lunch	
1400hrs	1430hrs	Economic and Environmental Aspects of Long-term Spent Fuel Storage (UK Perspective)	<i>Mr. Paul Standing British Nuclear Group, UK</i>
1430hrs	1700hrs	Session 3: Disposal of radioactive waste – Regulatory aspects	
1430hrs	1500hrs	IAEA role in the radioactive waste management	<i>Mr. Jan-Marie Potier IAEA</i>
1500hrs	1530hrs	Licensing process for siting, design and construction and operation of the RW repository; public involvement	<i>Mr. Esko Ruokola STUK, Finland</i>

Begin	End	Session / Title	Name
1530hrs	1600hrs	Tea	
1600hrs	1630hrs	IRSN experience in the assessment of the licensing files of low level waste (LLW) and medium level waste (MLW) disposals in France	Mr. Pascal Leverd IRCN, France
1630hrs	1700hrs	Discussion	
1700hrs	1800hrs	Session 4: Disposal of radioactive waste – design and operation	
1700hrs	1730hrs	Russian plans for construction of the repository for high-level waste and spent nuclear fuel in the Nizhnekansk massif	Ms. Tatiana.Gupalo VNIPIPT, Russia
1730hrs	1800hrs	Overview of studies underway for the disposal of high level waste (HLW) in France	Mr. Pascal Leverd IRCN, France
2000hrs	2200hrs	Official Dinner	

Thursday 29 June 2006

Begin	End	Session / Title	Name
0830hrs		Bus departure form the hotel to Olkiluoto	
0900hrs	1630hrs	Session 4: Disposal of radioactive waste (cont.)	
0900hrs	0930hrs	Finnish experience on siting, construction and operation of RW disposal facilities	Mr. Esko Tusa Fortum, Finland
0930hrs	1000hrs	Swedish experience on siting, construction and operation of RW disposal facilities	Mr. Claes Lindberg SKB, Sweden
1000hrs	1020hrs	The combined disposal and storage facility in Hemdalen, Norway	Ms. Anita Sorlie NRPA, Norway
1020hrs	1050hrs	Coffee	
1050hrs	1120hrs	Actual experience and the main stages of construction of a repository for radioactive waste in the North-West Region of Russia	Mr. Evgeny Emets Rosatom, Russia Mr. Nikolay Lobanov, VNIPIPT, Russia
1120hrs	1140hrs	Model repository for low and intermediate short lived waste	Mr. Curt Bergman Consultant, Sweden
1140hrs	1200hrs	Perspectives of construction of the LILW repository in the Leningrad Region	Mr. Valery Sorokin VNIPIET, Russia
1210hrs	1230hrs	Morvilliers VLLW repository: experience gained after two years of operation	Mr. Patrice Voizard ANDRA, France
1230hrs	1400hrs	Lunch	

1400hrs	1430hrs	Main results of a TACIS Project "Improving the Safety of Radioactive Waste Management in the North West of Russia: Disposal of Radioactive Waste"	<i>Mr. Jan-Marie Potier IAEA Mr. Jacques Schittekat Belgatom and Catholic University of Leuven, Belgium</i>
1430hrs	1500hrs	Main results of the TACIS project R4.04/04 "Strategy definition for Russian Federation NPP back end radioactive waste management, including draft legislation and institutional framework"	<i>Mr. Jurgen Krone DBE Technology GmbH, Germany</i>
1500hrs	1530hrs	Current state of activities on construction of the repository for high-level waste in Yucca Mountain	<i>Mr. Jan Fladeboe DOE, USA</i>
1530hrs	1600hrs	Tea	
1600hrs	1630hrs	The Belgian experience in R&D on disposal in clay and co-operation with LSK RADON for developing a repository concept for L/ILW disposal	<i>Mr. Geert Volckaert SCK-CEN, Belgium</i>
1630hrs	1700hrs	Waste Management in Olkiluoto	<i>Mr. Juhani Vira Posiva, Finland</i>
1700hrs	1800hrs	Closing session	
1700hrs	1745hrs	General discussion	
1745hrs	1800hrs	Summing-up of the workshop	<i>Chairman</i>

Friday 30 June 2006

Begin	End	Session / Title	Name
0800hrs	1200hrs	Technical visit	
0800hrs		Bus departure to the technical visit from the hotel	
1200hrs		Bus departure from Olkiluoto to the airport Pori
