17:00	17:30	Acid ISL in Straz, the Czech Republic - Development study	Vladimir Benes, Czech Republic
17:45	18:00	Results of the IAEA GC Roundtable on "Upsurge in Uranium Mining" and TM on "Implementation of the Sustainable Best Practice in Uranium Mining and Processing"	Jan Slezak, IAEA
18:00	18:30	Discussion on possibilities of the IAEA support in Uranium Production Cycle development	Jan Slezak, IAEA

Tue 20081125

		Working session Chaired: Jan Slezak, IAEA	
09:00	09:45	Remediation of the legacy sites at Wismut (Germany), Central and Eastern Europe and preparation of remediation of legacy sites in Central Asia	Alex Jakubick, Germany
09:45	10:30	Country report from Brazil	
10:30	11:00	COFFEE BREAK	
11:00	11:30	Some experience in exploration for uranium in sandstones	Jan Slezak, IAEA
11:30	11:50	Country report from Peru	
11:50	12:10	Country report from Paraguay	
12:10	12:30	Country report from Uruguay	
12:30	14:00	LUNCH BREAK	
14:00	14:30	Uranium Production Decommissioning in the North Bohemian Region	Vladimir Benes, Czech Republic
14:30	14:50	Country report from Venezuela	
14:50	15:20	Country report from Bolivia	
15:20	15:30	Country report from Guatemala	
15:30	16:00	COFFEE BREAK	
16:00	16:45	Uranium production and waste generation in the uranium mining cycle and remediation	Alex Jakubick, Germany
16:45	17:15	Country report from Colombia	
17:15	17:30	Country report from Ecuador	
17:30	18:15	Discussion on possibilities of the IAEA support in Uranium Production Cycle development	Jan Slezak, IAEA

Wed 20081126

		Working session Chaired: Jan Slezak, IAEA	
09:00	09:30	WNU-School of Uranium Production	Jan Slezak, IAEA
09:30	10:30	Country report from Chile	
10:30	11:00	COFFEE BREAK	
11:00	12:00	Straz ISL - Case history	Vladimir Benes, Czech Republic
12:00	12:30	Discussion on possibilities of the IAEA support in Uranium Production Cycle development	
12:30	14:00	LUNCH BREAK	
14:00	17:00	Coordination meeting on the TC Project RLA3006 (2 representatives from each country)	

Thu 20081127

Field visit to Caecite uranium deposit

Fri 20081128

Field visit to Caecite uranium deposit
