

# **Verification in Iraq**

## **Pursuant to UNSC Resolutions**

### **Objective**

*To provide credible assurance to the United Nations Security Council (UNSC) that Iraq is complying with the provisions of UNSC Resolution 687 (1991) and other relevant resolutions.*

### **Status of Verification Activities**

Since 17 March 2003, the Agency has not been in a position to implement its mandate in Iraq under

the relevant UNSC resolutions. In resolution 1546 (2004), the UNSC reaffirmed its intention to revisit the Agency's mandate in Iraq. During the year the Agency continued to: consolidate its information assets; collect and analyse a range of new information, including satellite imagery; and update its knowledge of the formerly relevant facilities in Iraq. ■
