

## CONTENTS

Summary of the meeting	7
The status of fast reactor technology development in China <i>Xu Mi</i>	17
Fast reactor development programme in France during 1994 <i>C.L. Rigoleur</i>	35
Status of fast reactor research in Germany <i>G. Heusener</i>	101
Status of fast reactor development in India <i>S.B. Bhoje</i>	108
A review of fast reactor activities in Italy <i>R. Tavoni</i>	135
A review of the fast reactor programme in Japan <i>Power Reactor and Nuclear Fuel Development Corporation</i>	141
Liquid metal-cooled fast reactor BN-350 as a heat source for seawater desalination and electricity production <i>V.L. Levitin</i>	173
A brief summary of the Korean liquid metal reactor R&D programme <i>Mann Cho</i>	185
Status of sodium cooled fast reactor development in the Russian Federation <i>Yu.K. Buksha</i>	189
A review of the UK fast reactor programme <i>K.F. Ainsworth, C. Picker</i>	211
A review of fast reactor activities in Brazil <i>A. Menezes</i>	221
Swiss fast reactor research programme <i>R. Brogli</i>	225
European Union: Review of fast reactor related activities performed during 1994 <i>W. Balz, G. Van Goethem</i>	235
List of Participants	245
