Vienna, 11 January 2012

Excellency,

Once again the world public is witnessing the ugly phenomenon of a terroristic act and assassination of scientists and academia which is clear violation of every humanitarian principle.

As a family member of the Non-Aligned Movement, I hereby request Your Excellency in your capacity as the Chair of the Vienna Chapter of NAM, while deploring such an act of violence and violation of the spirit of the UN Charter and the IAEA Statute and international laws by those abhorring terrorists, to take any appropriate measure in order to prevent recurrence in any country of the whole world, specifically in the developing countries where scientists are the main elements of the foundation of sustainable development and the humankind heritage at large.

Appreciating the distribution of the text of this letter I am looking forward to concrete actions by NAM.

I avail myself of this opportunity to assure Your Excellency of my highest consideration.
