

Marco Ripani

Istituto Nazionale di Fisica Nucleare (INFN), Italy

Marco Ripani is Senior Staff Scientist at Istituto Nazionale di Fisica Nucleare (INFN) in Italy. He holds a master's degree in physics from the University of Genova and a post-master fellowship from the INFN. Mr Ripani has authored and co-authored almost 250 papers in international journals, as well as the book *Energy from Nuclear Fission*. In 2006, he started working on the national strategic project INFN Energy. Mr Ripani has worked on technology developments in the fields of nuclear safety and security, nuclear waste management and future fission and fusion systems. In 2012, he became National Coordinator of the strategic INFN Energy project. He promoted several nuclear technology transfer projects in cooperation with industry, and worked to increase INFN's participation in EU projects in the field.
