

**Opportunities for exhibitors during the  
International Symposium on Understanding the Double Burden of Malnutrition for  
Effective Interventions**

The IAEA is organizing the International Symposium on Understanding the Double Burden of Malnutrition for Effective Interventions at the IAEA Headquarters in Vienna, Austria from 10 to 13 December 2018.

Approximately 350 participants from IAEA Member States and international organizations are expected to attend the conference. The IAEA is planning to hold an exhibition for commercial vendors in the fields in conjunction with the conference. A limited amount of space will be available for the vendors' displays/exhibits during the conference.

Each company will have, free of charge, an exhibition space of 6m<sup>2</sup> (3x2m) including one table (80x160cm) and 2 chairs. Alternatively, professional booths with walls can be rented from an outside company.

Companies wishing to take advantage of this opportunity to exhibit are encouraged to make a voluntary contribution to the IAEA in support of the conference. The contribution will be used for the costs directly related to the organization of the conference. An acknowledgement of the voluntary contribution would be made in the distributed conference programme booklet given to participants upon registration.

In view of space limitations, the selection of exhibitors will be based on a 'first come first served' basis. Therefore, interested parties should contact the Scientific Secretariat by e-mail [DBMal2018@iaea.org](mailto:DBMal2018@iaea.org) before **23 April 2018**.

Further details on logistical arrangements for the exhibition will be sent to the exhibitors after their pledges have been received.
