

The Ninth International Symposium on Naturally Occurring Radioactive Material

Denver, Colorado | 23-27 September, 2019

SCIENCE—AWARENESS—SOLUTIONS

CALL FOR ABSTRACTS

Proper management of Naturally Occurring Radioactive Material (NORM) is an international challenge. Without proper controls, radiation exposures to the environment, public and workers can be significant.

The Ninth International Symposium, NORM IX, is being held for the first time in North America. NORM IX will address a broad spectrum of issues including radiation protection concerns, management approaches and stakeholder liabilities arising from mismanagement. Topics include, but are not limited to: oil and gas; rare earth and other mineral production; water and wastewater treatment; coal combustion; and phosphate and fertilizers.

Participants from across government, academia, industry, and other stakeholder groups are encouraged to submit an abstract for consideration.

Abstract Submission Details

Authors must submit abstracts for oral papers and poster presentations by **24 September 2018**. The following topical areas are of particular interest:

- **Decommissioning and Site Clean-up**
- **Environmental Protection**
- **Radon Measurement and Mitigation**
- **Stakeholder and Legal Challenges**
- **Waste Management**
- **Water and Wastewater Treatment**
- **Worker Protection**
- **Case Studies**

For symposium information and abstract submission instructions, visit: <https://www.crcpd.org/NORMIX>.

NORM IX is organized by the
Conference of
Radiation Control Program
Directors, Inc (CRCPD)

In cooperation with the
International Atomic
Energy Agency (IAEA)
