

Anzhelika Khaperskaya

Lead, Senior Manager at Project Office, Rosatom, Russia

Ms Khaperskaya has been working in the nuclear industry for more than 30 years. She is actively involved in the development and implementation of advanced nuclear fuel cycle (NFC) technologies. Under her coordination, a number of innovative NFC infrastructure projects have been successfully implemented.

She is widely involved in international experience sharing in the field of NFC technology development, including at the IAEA and at the OECD NEA.
