

## 65th IAEA General Conference

### **Nuclear Operators' Forum: Organizational Excellence and Leadership for the Sustainability of Operating Nuclear Power Plants**

A Hybrid Event of In-Person and Virtual on WebEx

**Wednesday, 22 September 2021, 16:00 – 18:00 CEST**

**Board Room D, C Building, 4th floor**

[Register here](#)

The sustainability of operating nuclear power plants relies on senior managers who can skilfully lead their organizations towards technical and human excellence and effective stakeholder engagement. In this event, a panel of senior managers from nuclear organizations

around the world will share their experiences leading toward sustainability and discuss competent leadership and the balance between people and engineering.

#### **Session Moderators and Scientific Secretaries:**

**Mr Pedro DIEGUEZ PORRAS**

Technical Lead,  
Division of Nuclear Power, NE

**Ms Lisa LANDE**

Nuclear Human Resources Development Specialist,  
Division of Nuclear Power, NE
