

International Conference on the Safe and Secure Transport of Nuclear and Radioactive Materials (EVT1902956)

13 to 17 December 2021 - Virtual event

Information on the virtual event platform

**Conference App /
virtual attendance:**

A mobile conference application (app) will be available for all registered participants and observers for use either on the smart phone/iPad or on the personal computer/laptop (see information below).

In the week prior to the start of the conference, registered persons will receive an e-mail notification from messages@superevent.com which will provide users with login information to the app. Should you not receive this email, please check your spam folder.

The app offers following features:

- Programme
- Live Stage: here you can view the presentations as indicated in the programme (Vienna time) and use the Q&A box for sending your questions. These will either be answered during the panel discussions or via the Q&A box
- Posters: you are encouraged to interact with poster authors through the Q&A feature
- Abstracts
- Names of speakers including their biodata
- Names of participants enabling participants to message each other

**App profile /
password:**

Any new user has to download the app free of charge via the [App Store](#) or [Google Play](#) and create a profile (email and password). If you have used the app before, make sure you remember your password or use the option 'forgot password'. You will be asked for this password when accessing the conference either through your smart phone or desktop.

**View the event via the
app on a smart phone
or iPad:**

Click on the app you downloaded on your smart phone or iPad

**View the event via
the app on a
personal computer
or laptop:**

Click on the link provided in above email notification which will open the desktop version of the app.
