
Report by the Director General

1. This report of the Director General to the Board of Governors and, in parallel, to the United Nations Security Council (Security Council), is on the Islamic Republic of Iran’s (Iran’s) implementation of its nuclear-related commitments under the Joint Comprehensive Plan of Action (JCPOA) in relation to its enrichment-related activities. It provides an update on developments since the Director General’s previous report.¹

Activities Related to Enrichment

2. As indicated in the Director General’s previous quarterly report, Iran plans to install and use a total of six cascades of IR-2m centrifuges at the Fuel Enrichment Plant (FEP) in Natanz to enrich UF₆ up to 5% U-235.² As previously reported: in November 2020, the Agency verified that Iran had begun feeding natural UF₆ into a cascade of 174 IR-2m centrifuges that had been transferred to FEP from the Pilot Fuel Enrichment Plant in Natanz;³ on 30 January 2021, the Agency verified that Iran began feeding natural UF₆ into a second cascade of 174 IR-2m centrifuges at FEP;⁴ and on 21 February 2021, the Agency verified that Iran had yet to begin feeding a third cascade of 174 IR-2m centrifuges with UF₆ and was still installing a fourth cascade of IR-2m centrifuges at FEP.⁵

⁴ GOV/INF/2021/8, para. 3.
⁵ GOV/2021/10, para. 20.
3. On 7 March 2021, the Agency verified at FEP that: Iran had begun feeding natural UF$_6$ into the third cascade of 174 IR-2m centrifuges; the fourth cascade of 174 IR-2m centrifuges was installed but had yet to be fed with natural UF$_6$; installation of a fifth cascade of IR-2m centrifuges was ongoing; and installation of a sixth cascade of IR-2m centrifuges had yet to begin.

4. In summary, as of 7 March 2021, the Agency verified that Iran was using 5060 IR-1 centrifuges installed in 30 cascades$^6$ and 522 IR-2m centrifuges installed in three cascades to enrich UF$_6$ up to 5% U-235 at FEP.$^7$

---

$^6$ The 5060 IR-1 centrifuges installed in 30 cascades remained in the configurations in the operating units at the time the JCPOA was agreed.
