

## 66th IAEA General Conference

### **IAEA Cooperation with Other International Organizations: Assistance to Embarking and Expanding Countries**

**Space event during the 66th IAEA General Conference  
Wednesday, 28 September 2022, 16:00-17:30  
Conference Room M7, M building, ground floor**

This event will show how cooperation between the IAEA, the World Association of Nuclear Operators (WANO) and the Electric Power Research Institute (EPRI) can benefit embarking and expanding Member States and their operating organizations in the pre-operational phase. The complementary roles of the IAEA's Pre-Operational Safety Review Team reviews and WANO's Pre-Startup Peer Reviews will be illustrated by the case studies of two Member States, which will present their experience in hosting the two different reviews. The engineering support provided by the IAEA and EPRI to operating organizations will be highlighted. This event is co-organized by the IAEA, WANO and EPRI.

Scientific secretaries:

Eric MATHET (moderator)  
Division of Nuclear Power  
IAEA Department of Nuclear Energy

Aidar TAINOV  
Division of Nuclear Power  
IAEA Department of Nuclear Energy

# IAEA Cooperation with Other International Organizations: Assistance to Embarking and Expanding Countries

Espace Event during the 66th IAEA General Conference, Wednesday, 28 September 2022, 16:00-17:30

## Event Programme

### Welcoming Remarks

#### **Aline DES CLOIZEAUX**

Director, Division of Nuclear Power  
IAEA Department of Nuclear Energy

### Speakers:

#### **Fuming JIANG**

Head of Operation Safety Section  
Division of Nuclear Installation Safety  
IAEA Department of Nuclear Safety and Security

#### **Ingemar ENGVIST**

Chief Executive Director  
World Association of Nuclear Operators

#### **Tina TAYLOR**

Deputy Chief Nuclear Officer - Senior Director  
Research and Development  
Electric Power Research Institute, USA

#### **Ahmed Al MAZROUEI**

Vice President of Research and Development  
Emirates Nuclear Energy Corporation, UAE

#### **Marcelo GOMES DA SILVA**

Head of Science, Technology and Generation  
Expansion Advisory Department, Electronuclear  
– Eletrobrás Termonuclear S.A., Brazil

### Roundtable Discussion

#### **All Speakers**

#### **Anna BRADFORD**

Director, Division of Nuclear Installation Safety  
IAEA Department of Nuclear Safety and Security

### Reception/Banquet

The Side Event will be followed up with a  
WANO, IAEA and EPRI networking event
