

Kuyeli Sabie Sanderson

**Coordinator of the Health Infrastructure Development, Ministry of Health,
Malawi**

Mr Sanderson is the Deputy Director of Planning responsible for Health Infrastructure Development. In his role he coordinates the Capital Investment Plan for the Health Sector, Partners coordination and the actual projects implementation.

On the Malawi Cancer Centre Project: he coordinated the bankable document which was used for resource mobilization, project inception and the implementation. Implementation stage coordination involves the civil and mechanical works and equipment, as well as coordination of the key stakeholders in order to have the project completed and operational on time. In this regard, Mr Kuyeli provided timely updates both at a higher level and towards the public.
