SUPPORT THE ROY G. POST FOUNDATION

A charitable trust dedicated to the education for the safe management of nuclear materials, honoring Dr. Roy G. Post, the founder of WM Symposia, and his substantial contributions in the field. Funds generated from your support will provide educational scholarships for students throughout the world pursuing an education in nuclear radwaste management and provides assistance for students to participate in the annual WM Conference. The Roy G. Post Foundation is a registered 501c3 non-profit foundation and donations are tax deductible. [Click here to donate](#) and support the next generation of nuclear radwaste management professionals.
