

Mr. Luxiang Liu

Professor; Executive Director General, Institute of Crop Sciences, Chinese Academy of Agricultural Sciences, China

Professor Luxiang Liu has a long track record of research on development of new mutagenesis, nuclear irradiation breeding, space mutagenesis and biotechnology for crop improvement. He has served as IAEA's expert on numerous occasions, functions as the Lead Country Coordinator of the IAEA RCA Projects on plant breeding, Member of Project Advisory Committee of the RCA Program, and the founder Chairman of Mutation Breeding Network (MBN) for Asia and Pacific. His team was awarded the Outstanding Achievement Award in wheat mutation breeding by the FAO and IAEA in 2021.
