

Luis Donoso-Bach

Hospital Clínic Barcelona, Spain

Luis Donoso-Bach currently serves as the Director of Diagnostic Imaging at the Hospital Clínic Barcelona. Early in his career, his research focused on abdominal imaging, especially on liver disease. The emphasis has shifted to digital imaging and the development and implementation of IT in diagnostic radiology. Under his leadership, a large R &D team made significant advancements leading to several patents and products widely used all over Spain. Professor Donoso-Bach has given numerous lectures at prestigious universities, congresses, and courses, and has published over 90 articles and seven book chapters.

Professor Donoso-Bach has also been an active member in professional societies at both regional and international levels. He served as President of the Spanish Society for Diagnostic Radiology (SERAM) from 2002 to 2006 and from 2008 to 2016 he was the President of the Spanish Foundation of Radiology. He was the Secretary General of the International Society of Radiology from 2012 to 2014 and became President-elect in 2016. Since 2000, he has served at the European Society of Radiology (ESR) in various capacities, including as ESR President from 2015 to 2016.
