I. GENERAL ADMINISTRATIVE ARRANGEMENTS

THE CONFERENCE AREA

1. The third regular session of the General Conference will be held in the Neue Hofburg, Heldenplatz, Vienna I. The location of the building, in relation to the inner city (Innere Stadt), is shown on the map on page 29. The approach route for delegation cars, the traffic flow pattern and the parking area are shown in the Chart on page 30. Plenary meetings and some Committee meetings will be held in the Festsaal, and other committees will, as a rule, meet in the Neue Saal; both these rooms are on the mezzanine (see the plan on page 33). The telephone number for the Conference area is 521687, and unless otherwise indicated, all offices mentioned in this handbook are in the Neue Hofburg and telephone extensions are connected to this number.

INFORMATION DESKS

2. For the convenience of delegates and other persons attending the Conference, two information desks have been set up. One of these (extensions 420, 421 and 422) will be found at the entrance to the building (see the plan on page 31), its main task being to channel enquiries. For example, delegates will be able to find out here where the accommodation, post and telegraph, theatre, information and tourist services are located. The second information desk (extensions 340, 341) is at the top of the main staircase (see the plan on page 33), and is intended to provide detailed information about the work of the Conference and matters related thereto.

PROTOCOL OFFICE

3. The Protocol Office (extension 211) is located on the mezzanine (see the plan on page 33). The main services it will provide are

(a) *Receipt of credentials.*

The procedure for the issue and submission of credentials was set forth in the preliminary information for delegations contained in document GC(III)/INF/22 (paragraphs 7 and 8), where it was pointed out that it was desirable for credentials to be submitted to the Director General as early as practicable and in any case not later than 15 September 1959. If special circumstances have prevented a delegate from submitting his credentials earlier, he is requested to deposit them in the Protocol Office immediately upon arrival in Vienna;

(b) *Registration.*

Delegations are requested to inform the Secretariat of their address, the status of each member (delegate, alternate, adviser, technical adviser, expert, etc.) and whether or not he is accompanied by his wife. For this purpose a copy of a form (form C-2) has been placed in the distribution box that is provided for each delegation in the Documents Station (see paragraph 3 below). Representatives of the United Nations and the specialized agencies, as well as observers from non-member States and from inter-governmental and non-governmental organizations, are also requested to complete this form. It is particularly important not only that full information should be given at the beginning of the session, but that it should be kept up to date as the session proceeds, since it is required for revising the list of delegates from time to time;

(c) *Issue of passes, car labels and tickets for meetings.*

Only persons having passes issued by the Secretariat will be admitted to the Conference area and to meetings. Admission to the parking area will be granted only to cars displaying identity labels similarly issued. Members of delegations, representatives of the United Nations and the specialized agencies and observers from non-member States, and from inter-governmental and non-governmental organizations will receive, on submission of form C-2, individual passes valid for the duration of the session. Delegations may also obtain from the Protocol Office additional tickets for individual guests to the extent that seats are available.

(d) *Arrangements for the opening meeting.*

Special admission and seating arrangements have been made for the opening plenary meeting of the session on 22 September. Experience in the past has, however, shown that it is difficult to provide seats for everybody who would like to attend that meeting, and delegations are therefore particularly requested only to ask for the number of seats which they actually need, and

(e) *Arrangements for social events.*

Delegations intending to arrange social events are requested to inform the Protocol Office so that overlapping may be avoided as far as possible.

PUBLIC INFORMATION SERVICES

4. (a) *Offices.*

The public information services are located on the mezzanine (see the plan on page 33) and may be reached from the Schweizerhof. The following officials have offices in this area:

<i>Chief</i>	Mr. L. J. LIND Ext. 406, Room: 233
<i>Press Liaison Officer</i>	Mr. P. FENT Ext. 406, Room: 233
<i>Special Media (films and television services)</i>	Miss M. NAPIER Ext. 390, Room: 253
<i>Radio Officer</i>	Mr. I. R. BERENSON Ext. 393, Room: 251
<i>Photograph Officer</i>	Mrs. G. LESSING Ext. 394, Room: 252

(b) *Press releases.*

Press releases may be obtained from the Press Documents Counter inside the press room (room 250, extension 410).

(c) *Press conferences.*

Delegations wishing to hold press conferences or distribute statements to information media are invited to communicate with the Press Liaison Officer.

DOCUMENTS SERVICES

5. The Documents Station (room 245, extension 380) is on the mezzanine (see the plan on page 33); it will open daily at 8 a.m. and will normally be closed at 7 p.m. As each document comes off the press copies will be placed in each delegation's distribution box, in languages and numbers corresponding to the existing patterns of distribution. A delegation requiring either more or fewer copies of documents should communicate with the Chief of the Documents Services (room 110, extension 310).

FACILITIES FOR TRANSLATION, TYPING AND REPRODUCTION

6. Attention is invited to paragraphs 13 and 14 of the preliminary information for delegations (GC(III)/INF/22) in which it was pointed out that the Secretariat only has adequate facilities for translating, typing and copying such papers (memoranda, draft resolutions, etc.) as delegates may wish formally to introduce as part of the work of the General Conference, and which will thus become official documents. It was accordingly suggested that delegations foreseeing the need of facilities for reproducing a large number of copies of other documentary material for their own purposes should make the necessary arrangements in advance.

SOUND RECORDINGS

7. Facilities for listening to the sound recordings of meetings are available to delegations in room 305, which is on the floor above the mezzanine (extension 240).

LIBRARY FACILITIES AND ARCHIVES

8. The Agency's library is in rooms 227/229 in the Headquarters Building, 11 Kärntnerring, Vienna 1, and its facilities are available to members of delegations and other persons attending the session in an official capacity. All enquiries should be addressed to the library (room 227, telephone 52 45 25, extension 201).

MEDICAL SERVICES

9. Emergency medical services may be obtained in the first-aid room (room 141, extension 331) which is located opposite the side entrances to the Zeremoniensaal (see the plan on page 33). These services will be available from 9.30 a.m. to 5 p.m.; if emergency assistance is required at other times, the Security Office should be notified immediately.

SECURITY OFFICE

10. The Security Office (room 243, extension 396) is on the mezzanine (see the plan on page 33). All property lost or found in the Conference area should be reported to this room.

BANKING FACILITIES

11. The Creditanstalt-Bankverein and the Oesterreichische Länderbank have each established a branch office in the entrance hall. Both offices are open from 10 a.m. to 6 p.m., Monday to Friday.

TELEPHONE CALLS

12. Delegates may place local calls free of charge from the telephones in the delegates' lounge. Long-distance calls may be made only from the booths next to the post office in the entrance hall. During meetings, delegates will be informed of incoming calls received for them, and such calls may be taken outside the conference rooms or in the delegates' lounge.

LOUNGE AND BUFFET FACILITIES

13. The delegates' lounge is in the Wintergarten (extension 294) on the mezzanine (see the plan on page 33) where a buffet service is available. There is also another snack bar which is to be found on the first floor close to the Board room. The officials at the desk in the lounge will give members of delegations any assistance they require, including the paging of those for whom messages are received.

SCIENTIFIC EXHIBITION

14. An exhibition of photographs relating to the peaceful uses of atomic energy is arranged in the Zeremoniensaal (see the plan on page 33).

II. THE SESSION

DURATION OF THE SESSION AND TIMES OF MEETINGS

15. The session will open at 11 a.m. on 22 September and is expected to last approximately two weeks. The usual times of meetings, both plenary and committee, will be 10.30 a.m. and 3.00 p.m.

PROVISIONAL AGENDA, RULES OF PROCEDURE AND DOCUMENTS LISTS

16. The provisional agenda for the session is set forth in document GC(II)/72 and corrigendum 1 and the General Conference's Rules of Procedure are contained in document GC(II)/INF/16 and addendum 1. A first list of documents prepared for the session is given in document GC(III)/DOCS/27; Additions to this list will be issued at short intervals.

JOURNAL

17. A Journal will be issued daily; publications will start a few days before the session opens and continue until it closes. The Journal will give the programme of meetings, the agenda items to be taken at each meeting and announcements of general interest.

SEATING ARRANGEMENTS

18. For plenary meetings and committees of all Members, the first seat on the left-hand side of the room facing the President

or Chairman will be allotted to the Member that has provided the Chairman of the Board of Governors during the past year. Brazil will therefore occupy this place, followed by Members in the English Alphabetical order of their names.

CONFERENCE SECRETARIAT

19. The Director General, as the chief administrative officer of the Agency, will always be available for consultation with delegations. He has, however, delegated general administrative responsibility for the work of the session to the Deputy Director General for Administration, Liaison and Secretariat. The following officials will have the functions shown below:

Function	Name
<i>Conference Secretary</i>	Mr. P.R. JOLLES Ext. 204, Room: 407
<i>Permanent Secretariat of the General Conference and the Board of Governors</i>	Mr. P.J. BOLTON Ext. 206, Room: 408 Mr. M. UDDIN-KHAN Ext. 309, Room: 408 Miss R. CLEMMANN Ext. 280, Room: 407

General Fund:¹⁾*

<i>Secretary</i>	Mr. A.M. MOEBIUS
	Ext. 342, Room: 413 D

SUBMISSION OF DRAFT RESOLUTIONS

20. It will contribute considerably to the speedy conclusion of the work of the General Conference if delegations intending to introduce draft resolutions will submit them to the Secretariat as early as possible during the session. Drafts, preferably in five copies, should be sent to the secretary of the appropriate committee.

LANGUAGES AND INTERPRETATION

21. English, French, Russian and Spanish are the working languages of the General Conference, and speeches made in any of these languages will be interpreted simultaneously into the other working languages. In addition, through the courtesy of the Austrian Government interpretation into German will be provided at plenary meetings.

22. Participants will find at their places in the meeting rooms printed instructions as to how to select the desired language on the simultaneous interpretation receiving sets. It is particularly requested that neither the receiving sets themselves nor the head-sets attached to them should be taken away at the end of a meeting, since they must be serviced and tested before they can be used again.

1) On the assumption that the General Conference will establish such a Committee.

RECOGNITION OF SPEAKERS AND VOTING BY A SHOW OF HANDS

23. To facilitate the recognition of speakers by committee chairmen, delegates are requested to use the white name plate for the purpose of asking for the floor. These name plates should also be used when voting by a show of hands, so as to facilitate the counting of the vote.

III. THE SECRETARIAT OF THE AGENCY

LOCATION OF OFFICES

24. Most of the offices of the Secretariat are situated at 11 Kärntnering, Vienna I, where the telephone number is 524525. The language and documents services, including the distribution facilities, are however permanently located in the Neue Hofburg (telephone number: 521687), and branches of the Secretariat responsible for serving the General Conference will also move temporarily to this building for the session. The offices of the Secretariat and the Neue Hofburg, which are separated from each other by a ten-minute walk, are in the centre of the city very close to most of the principal hotels and to the main shopping area.
