ANNEX

RULES REGARDING THE ACCEPTANCE OF VOLUNTARY CONTRIBUTIONS OF MONEY TO THE AGENCY

1. Voluntary contributions to the General Fund may be offered by:

(a) Governments of States Members of the Agency;

(b) Governments of other States which are Members of the United Nations or of any of the specialized agencies;
(c) Organizations with which the Agency is in relationship under Article XVI.A of its Statute; and
(d) Non-governmental sources.

2. The Director General may accept and place in the General Fund voluntary contributions of money offered to the Agency by any of the sources mentioned in Rule 1 provided:

(a) That they are offered without limitation as to use; and
(b) That in the case of a contribution from a non-governmental source they do not exceed US $1,000 or its equivalent per year from that source.

3. Offers of voluntary contributions of money to the Agency which are by any of the sources mentioned in Rule 1 and which are not accepted under Rule 2 shall be referred by the Director General to the Board of Governors as soon as possible for decision, bearing in mind the provisions of the Statute and the interests of the Agency.

4. Contributions shall be made in currency readily usable by the Agency consistent with the need for efficiency and economy of its operations, or shall be transferable to the greatest possible extent into currency readily usable by the Agency. To this end Governments shall be urged to make available as large a percentage as possible of their contributions in such currency or currencies as the Director General may consider usable for the execution of the Agency's programme. The Director General shall, at the end of the first year following the adoption of these Rules and subsequently as the Board of Governors may request, report to the Board for its consideration on the extent to which restrictions which have been maintained in contributions have affected the flexibility, efficiency and economy of the Agency's operations. The Board of Governors shall consider what action may be necessary with respect to currency found not readily usable in order to facilitate the Agency's operations.
