## General Conference

GC(VII)/RES/156

10 October 1963

GENERAL Distr.

Original: ENGLISH

Seventh regular session

Agenda item 16  
(GC(VII)/247)

### POWER DEVELOPMENT

Resolution adopted during the 81st plenary meeting on 1 October 1963

#### CIVIL LIABILITY FOR NUCLEAR DAMAGE

The General Conference,

(a) Noting with satisfaction that the International Conference on Civil Liability for Nuclear Damage adopted on 19 May 1963 the Vienna Convention on Civil Liability for Nuclear Damage, and

(b) Conscious of the fact that the development of nuclear power for peaceful purposes will be furthered by the universal application of some minimum standards regarding civil liability for nuclear damage as provided for in the Vienna Convention, in particular with regard to the international movement of fuel elements and other nuclear material as well as to the possible international ramifications incidental for the operation of a nuclear installation,

Recommends the Governments of all Members of the Agency to give urgent consideration to the desirability of becoming party to the Vienna Convention on Civil Liability for Nuclear Damage.
