Thirty-sixth regular session

SPECIMEN DRAFT RESOLUTION
on the Regular Budget appropriations for 1993
at the September 1992 dollar/schilling exchange rate

Note by the Secretariat

1. Document GC(XXXVI)/1006 - "The Agency's programme and budget for 1993 and 1994" - contains, in Annex IV, draft resolution A relating to the Regular Budget appropriations for 1993. Attached to this draft resolution is an adjustment formula, approved by the Board of Governors, for taking into account fluctuations in the United States dollar/Austrian schilling exchange rate. With this adjustment formula, the adopted resolution on the Regular Budget becomes self-adjusting. The exchange rate used in document GC(XXXVI)/1006 for presenting the 1993 budget estimates is AS 12.70 to US $1.00.

2. In order to illustrate how the adjustment formula operates and to give the General Conference the Regular Budget appropriation figures on the basis of the most up-to-date dollar/schilling exchange rate, draft resolution A is reproduced in the Annex hereto on the basis of a rate of AS 10.00 to $1.00, the United Nations operational rate for September 1992. 1/

1/ The United Nations operational rates of exchange are determined by the United Nations in New York every month and are available on the first day of the month in which they apply.
3. The adjustment formula has two components the sum of which gives the appropriations in United States dollars. One component is fixed in terms of United States dollars and the other varies according to the value of R. R corresponds to the average of the United Nations operational dollar/schilling exchange rates that will be experienced during 1993. This average exchange rate will determine the final dollar figures for the appropriation sections.

4. The attached SPECIMEN draft resolution gives the amounts by appropriation section on the assumption that the average of the United Nations operational dollar/schilling exchange rates experienced in 1993 will be 10.00 (i.e. 10.00 Austrian schillings for one United States dollar). Dividing by 10.00 the figures in the right-hand column of the adjustment formula (which reflect expenditures budgeted in Austrian schillings) and adding the results to the figures in the other column, one obtains total appropriations for 1993 of $235 417 000, as shown in paragraph 1 of the SPECIMEN draft resolution.

5. As indicated in paragraph 2 above, the purpose of this information paper is illustrative. In submitting to the Conference the budget estimates for 1993 in document GC(XXXVI)/1006, the Board of Governors requested - in paragraph 1 of the Introduction to that document - the General Conference to adopt the draft resolutions set forth in Annex IV.
