Agenda item 22
(GC(39)/27)

AMENDMENT OF ARTICLE VI OF THE STATUTE

Draft resolution recommended by the Committee of the Whole

The General Conference,

- (a) Noting the draft resolution submitted by Israel GC(39)/COM.5/10, and
- (b) Taking into account all the implications of the drafting of a list allocating the IAEA's Member States among the eight regional groups,

1. Requests the Director General to study all the implications of the proposal contained in GC(39)/COM.5/10 and submit a report to the Board of Governors. This report should take into account the general debate undertaken in this regard, especially the view that the primary responsibility for deciding upon the composition of regional groups lies with the respective groups themselves and the view that every State has the right to participate in a regional group; and
2. Requests the Board of Governors to consider this matter and report to the General Conference at its fortieth session.
