Sixty-sixth regular session

Provisional Agenda

Supplementary item for inclusion in the provisional agenda

1. On 26 August 2022, the Director General received a request, submitted by the Permanent Missions of Canada and the Republic of Poland, for the inclusion of an item entitled “The safety, security, and safeguards implications of the situation in Ukraine” in the agenda of the 66th (2022) regular session of the General Conference.
2. Pursuant to the Rules of Procedure of the General Conference¹, this item is hereby placed on a supplementary list which will be circulated not later than 6 September 2022. The Note Verbale from the Permanent Missions of Canada and the Republic of Poland is attached hereto.
3. It is suggested, for consideration by the General Committee, that in the provisional agenda this item follow the item circulated in document GC(66)/1/Add.4, and be discussed in the Plenary.

VPERM-6766

26 August 2022

The Permanent Mission of Canada to the International Organizations in Vienna and the Permanent Mission of the Republic of Poland to the United Nations Office and the International Organisations in Vienna present their compliments to the International Atomic Energy Agency and have the honour to request the inclusion of an item entitled “The safety, security, and safeguards implications of the situation in Ukraine” as a supplementary item to the agenda for the 66th regular session of the IAEA General Conference in accordance with Rule 13 of the Rules of Procedure.

Building upon the discussions on this issue held at the 2 March, 7 March, and 6 June Board of Governors meetings as well as Resolution GOV/2022/17 on the “The safety, security, and safeguards implications of the situation in Ukraine” adopted by the Board of Governors on 3 March 2022, the addition of this item to the agenda of the General Conference will provide all IAEA Member States with an opportunity to consider the continued nuclear safety, security, and safeguards implications of the situation in Ukraine, including the ongoing developments at the Zaporizhzhya Nuclear Power Plant (ZnPP) and recent updates from the Director General on this critically important issue.

The Permanent Mission of Canada to the International Organizations in Vienna and the Permanent Mission of the Republic of Poland to the United Nations Office and the International Organisations in Vienna avail themselves of this opportunity to renew to the International Atomic Energy Agency the assurances of their highest consideration.
