COMMUNICATION RECEIVED FROM CERTAIN MEMBER STATES CONCERNING THEIR POLICIES REGARDING THE MANAGEMENT OF PLUTONIUM

1. The Director General has received a note verbale, dated 1 September 2000, from the Permanent Mission of Switzerland to the IAEA. In keeping with Switzerland's commitment under the Guidelines for the Management of Plutonium (contained in INFCIRC/549 of 16 March 1998 and hereinafter referred to as the "Guidelines"), the Government of Switzerland, in the enclosure of the note verbale of 1 September 2000, in accordance with Annexes B and C of the Guidelines, makes available annual figures for its national holdings of civil unirradiated plutonium and the estimated amounts of plutonium contained in spent civil reactor fuel as of 31 December 1999.
2. In the light of the request expressed by Switzerland in its note verbale of 1 December 1997 concerning its policies regarding the management of plutonium (INFCIRC/549 of 16 March 1998), the texts of the enclosures of the note verbale of 1 September 2000 are attached for the information of all Member States.
