^{a/} For each 5% by which the cost of living of duty stations above the base 100 exceeds the index of the preceding class, a post adjustment will be added to the net base salary of a staff member serving in that duty station. The addition will be the amount of post adjustment corresponding to one index point (as shown in this table) multiplied by the number of index points constituting the interval between the respective two classes.

^{b/} D = Rate of post adjustment applicable to staff members with a dependent spouse or child.
S = Rate of post adjustment applicable to staff members with no dependent spouse or child.

B. Deductions for duty stations where cost of living is lower than at the base^{a/}
