In this regard, the Government of Japan encloses with this Note an annual statement of its national holdings of civil unirradiated plutonium and of plutonium contained in spent civil reactor fuel. The figures in this statement show Japan's holdings as of 31 December 2019 and are set out in accordance with Annexes B and C of the above-mentioned Guidelines.

The Permanent Mission of Japan to the International Organizations in Vienna avails itself of this opportunity to renew to the Director General of the International Atomic Energy Agency the assurances of its highest consideration.
