The Permanent Mission of the Hashemite Kingdom of Jordan to the United Nations and other International Organizations in Vienna presents its compliments to the Director General of the International Atomic Energy Agency and has the honour to transmit this communication concerning Jordan's nuclear policies and practices.

The Government of the Hashemite Kingdom of Jordan adheres to major international nuclear non-proliferation agreements in this field: Nuclear Non-proliferation Treaty (NPT), the Comprehensive Nuclear-Test-Ban Treaty (CTBT), the Convention on Physical Protection of Nuclear Material (CPPNM) and its amendment, Application of Safeguards in Connection with the Treaty on Non-Proliferation of Nuclear Weapons, Protocol Additional to the Agreement between the Hashemite Kingdom of Jordan and the IAEA for the Application of Safeguards in Connection with the Treaty on Non-Proliferation of Nuclear Weapons, and the Joint Statement on Countering Nuclear Smuggling. These form Jordan's national nuclear non-proliferation policies.

On December 5th, 1974 Jordan signed its Full-Scope Safeguards Agreement with the IAEA and Protocol Additional to the Agreement in March 1998. In July 2007 Jordan established the State System of Accounting for and Control of Nuclear Material.
