ПРИ МЕЖДУНАРОДНЫХ ОРГАНИЗАЦИЯХ  
В ВЕНЕ

PERMANENT MISSION  
OF THE RUSSIAN FEDERATION TO THE  
INTERNATIONAL ORGANIZATIONS  
IN VIENNA

Erzherzog-Karl-Straße 182  
A-1220 Wien

Tel. (043-1) 282 53 91, 282 53 93  
Fax (043-1) 280 56 87

№ 3974-и

The Permanent Mission of the Russian Federation to the International Organizations in Vienna presents its compliments to the Secretariat of the International Atomic Energy Agency and has the honour to inform on the following.

According to available information, for the means of organizing a provocative act with a usage of a so-called “dirty bomb”, the specialists of the Ukrainian State Enterprise “Southern Machine-Building Plant named after A.M.Makarov” (city of Dnepr) have manufactured a mock-up of the tactical missile system “Iskander” rocket based on a tactical missile system “Tochka-U” rocket. The Ukrainian side is going to use the cassette-type warhead of the mentioned mock-up that would be filled with radioactive material instead of submunitions. During the implementation of the said provocative act, the Ukrainian side plans to initiate an interception of an allegedly Russian missile “Iskander” by means of air-defense of the armed forces of Ukraine in the air above the Exclusion zone around the Chernobyl NPP. During the consequent information campaign aimed to influence the world community, Ukrainian and Western media will demonstrate fragments of the said mock-up and elements on electronics of the tactical missile system “Iskander”.

The Permanent Mission of the Russian Federation requests the Secretariat to circulate this information among all IAEA Member States as soon as possible.

THE SECRETARIAT OF THE  
INTERNATIONAL ATOMIC ENERGY AGENCY  
Vienna

The Permanent Mission of the Russian Federation avails itself of this opportunity to renew to the IAEA Secretariat the assurances of its highest consideration.

Vienna, “*[Signature]*” October 2022
